

Dear Parents and Students:

Welcome to the 2022-2023 school year in Woodridge School District 68!

Whether you are new to one of our schools or a returning family, you are an important part of our school community. As I begin my twelfth year in the district and my sixth as your Superintendent of Schools, I continue to be impressed by the work both students and staff are doing every day to inspire education and innovation. The continued work on capital projects and our adherence to the Academic Transformation Plan and FOCUS will point Woodridge 68 in the right direction to ensure academic excellence for our students.

This Woodridge School District 68 handbook has been designed to present our school district's policies and procedures in a clear, understandable format for both parents and students. Inside you will find essential information about the programs and services we offer, the roles and responsibilities of families and school staff in the educational process, and our expectations for students.

We know that good two-way communication between school and home helps our students succeed and hope you will find this handbook a good place to start. You are also encouraged to check the district website ([woodridge68.org](http://woodridge68.org)) and your school website for regular updates and announcements. You are always invited to talk with your student's teachers, school principal, or me.

Everyone at Woodridge School District 68 is dedicated to making this another successful and rewarding year for our students!

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Patrick J. Broncato', written in a cursive style.

Dr. Patrick J. Broncato  
Superintendent of Schools
