

**WOODRIDGE**  
SCHOOL DISTRICT 68

**STUDENT/PARENT/GUARDIAN AGREEMENT AND PERMISSION  
FOR USE OF CHROMEBOOK OUT OF SCHOOL**

Student and Parent/Guardian understand and agree as follows:

The Student will be issued a Chromebook, and a Google Apps for Education account by Woodridge School District 68 ("District").

The Chromebook is and remains the property of the School District.

The Parent/Guardian allows and accepts responsibility for their student to use the Chromebook.

Students are required to comply with Board Policy 6420: *Access to Electronic Networks and Information Services* and Acceptable Use Standards (AUS), a form co-signed by students and parents/guardians annually at the time of registration. A copy of the AUS can be found in the Parent-Student Handbook and in the Information Technology section of the district website.

Students will be held personally responsible for repair cost/replacement cost for any loss or damage caused by intentional vandalism or negligence of District-assigned electronic devices. A schedule of repair costs is posted on the district website.

Students must comply with and agree to the following conditions prior to being issued a Chromebook:

- Students must not attempt to install software, hardware or change the system configuration, including network settings on any equipment assigned to the student without prior consent of the Information Technology department.
- Students are expected to prevent damage and theft to all District electronic equipment assigned to them.
- Students will not be held responsible for manufacturing defects, technical problems, and normal wear and tear resulting from regular school-related use.

- Users of Woodridge School District 68 technology have no rights of ownership or expectations of privacy to any data that is, or was, stored on the electronic device, school network, or any school-issued applications.
- Students must provide access to any equipment and/or accessories they have been assigned upon the District's request.

The District is not responsible for any loss resulting from Chromebook errors, delays, lost data, or service interruptions.

This Agreement is valid until school resumes or the student is requested to return the Chromebook by Administration.

---

We agree to abide by the conditions listed above and assume responsibility for the care and proper use of the District-owned Chromebook. We agree our student is responsible for how the Chromebook is used and cared for.

We understand and agree that the District is not responsible for any loss resulting from Chromebook errors, delays, lost data, or service interruptions.

I have read this Agreement carefully and agree to its terms, and I give my permission for my child to use the District-owned Chromebook.
