

2023-24 HEALTH REQUIREMENTS FOR ADMITTANCE TO SCHOOL

A student's parent(s)/guardian(s) shall present proof that the student received a health examination with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Department of Public Health. Unless an exemption or extension applies, the required health forms must be presented to the district by October 15 of the current school year in order for a student to attend school.

PRESCHOOL/EARLY CHILDHOOD

- **Physical Exam**
 - Dated within one year prior to the first day of the school year
 - Documentation of diabetes screening
 - Documentation of lead screening
 - Health history portion of physical examination form must be completed and signed by a parent/guardian

- **Immunizations**
 - Diphtheria, pertussis, and tetanus (4 doses at proper intervals)
 - Polio (3 doses at proper intervals)
 - Measles, Mumps, Rubella (MMR) (1 dose at proper age)
 - Hepatitis B (3 doses at proper intervals)
 - Varicella (Chicken Pox) (1 dose on or after the first birthday, physician's statement verifying disease history, or laboratory evidence of varicella immunity)
 - Pneumococcal Conjugate (children 24-59 months of age who have not received the primary series of pneumococcal conjugate vaccine, according to the recommended vaccination schedule, shall show proof of receiving one dose of pneumococcal vaccine)
